AUDIO

Meridian™ 3D Surround Sound System	The Meridian 3D Surround Sound System expands the listening experience, adding greater space and immersion within the Range Rover cabin. Designed by British audio technology pioneers Meridian, the system uses advanced spatial processing to create a more enveloping and engaging sound environment. Music and audio are distributed seamlessly throughout the cabin, giving recordings greater depth and scale while preserving clarity and balance. Voices remain natural and anchored, instruments gain presence, and the overall experience feels more lifelike without losing control. Now including Meridian Perfect Balance, which ensures that as the volume of the system varies there is no perceived loss of low and high frequencies, and spectral balance is maintained at all volume levels Technologies for Meridian 3D Surround Sound: - 18 speakers and subwoofer - Meridian Perfect Balance - Meridian Trifield 3D - Meridian Digital Precision - Meridian RE-Q - Meridian Digital Signal Processing Meridian is a registered trademark of Meridian Audio Ltd. Important note on imagery & specification. We are living through exceptional times. Due to the Covid pandemic we have been prevented or delayed in the creation of new images of current model years. Now the global impact of micro-chip shortages is further affecting build specifications, options and launch timings. Until this unique event settles, please note that **many images cannot be updated to 22/23 model year specifications.** Features, options, trim and colour schemes may differ from many images. Customers are urged to consult their local Retailer for detailed 22/23 model year specifications and to not base an order on marketing imagery and specification alone.

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles, parts and accessories and alterations take place continually, and we reserve the right to change without notice. Some features may vary between optional and standard for different model years. The information, specification, engines and colours on this website are based on European specification and may vary from market to market and are subject to change without notice. Some vehicles are shown with optional equipment and retailer-fit accessories that may not be available in all markets. Please contact your local Retailer for local availability and prices.
